

MEMORANDUM

To: All Interested Parties

From: David E. Brown, Executive Officer

Subject: Applications for Education Subcommittee

The Court Reporters Board of California is seeking applications from individuals interested in serving on the board's Education Subcommittee. The Education Subcommittee will be comprised of at-large enrolled students of court reporting, private and public court reporting school professionals, and new licensees. The subcommittee chair is Julie Peak and the vice-chair will be John Hisserich.

The purpose of the subcommittee is to identify, research and develop recommendations for the board to consider in areas relating to the court reporting educational program. The subcommittee this last year identified and recommended multiple regulatory and statutory changes that ultimately benefited the students and reporting industry.

The time commitment is approximately one three-hour meeting twice a year, with time needed to review and/or research agenda items depending on subjects selected for agendas. Meetings are generally conducted in southern California and prior to scheduled board meetings. The board pays some expenses depending on the location of the meetings.

Interested individuals should provide to the board's office in Sacramento a one-page statement outlining their interest and experience in the profession.

Please contact the board's Executive Officer, David E. Brown at (916) 263-3660 for additional information.
